## THE HOTEL SUITE SUITE BERNSTEIN, HÔTEL DE CRILLON, PARIS

By Anthony Lassman, founder of the luxury travel and real estate service **Nota Bene**

Paris is bestowed with the greatest number of luxury hotels of any capital city I can think of, but little compares with this particular suite on account of the jaw-droppingly

large terrace. It has the most extraordinary views of the Place de la Concorde and the Eiffel Tower, and the Élysée Palace is off to one side. Not to take away from the interior—everything is the highest level of luxury, from the dressing areas to the size of the accommodations. But for me it's all about that outdoor space. I would go in late spring or summer because of the joy of having it. I couldn't think of anything lovelier than to be served a glass of champagne on that terrace. **The Apartment, The Connaught, London**  
Combining coziness and grandeur, this suite overlooks the loveliest part of Mayfair. [the-connaught.co.uk](http://the-connaught.co.uk)

**The Penthouse, The Silo, Cape Town, South Africa**  
I love the contemporary/classic mix. You could spend hours taking in the view. [theroyalportfolio.com](http://theroyalportfolio.com)
